

## Standard and additional equipment TWK 200/1500 Air

Z 59-2e

01.07.2016

### Required standard equipment

### Part no.

	<p><b>Electric-pneumatic control panel with:</b></p> <ul style="list-style-type: none"> <li>• Pneumatic connections</li> <li>• Power connection 24 VDC</li> <li>• Pneumatic pressure gauge</li> <li>• Knob with detend for vertical and horizontal speed</li> <li>• Emergency stop</li> </ul>	<p>7026706</p>
	<p><b>Cable reel 50 m – 6 pole with MIL plug</b> for connection hp-unit – electric-pneumatic control panel</p>	<p>7017923</p>
	<p><b>Pneumatic connection line consists of:</b></p> <ul style="list-style-type: none"> <li>• 5x steel protected pneumatic hose DN 7 x 400 mm – G 1/4" male</li> <li>• Sleeve G 1/4"</li> <li>• Quick couplings and hose nipples</li> </ul>	<p>7027061</p>
	<p><b>Pneumatic supply line consists of:</b></p> <ul style="list-style-type: none"> <li>• 5x pneumatic hose 16/9 x 20 m</li> <li>• Quick couplings</li> </ul>	<p>7027062</p>
	<p><b>Flexible protection pipe DN 100 x 500 mm</b></p>	<p>7027063</p>

### Additional equipment

	<p><b>Remote control box</b> for connection with electric-pneumatic control panel</p>	<p>7019718</p>
	<p><b>Cable reel 50 m - 7-pole with MIL plug</b> for connection remote control box – electric-pneumatic control panel</p>	<p>7019719</p>
	<p><b>External power supply</b> Power pack 230 AC – 24 V DC with 5 m cable and plug <b>(not required for KAMAT HP-units)</b></p>	<p>7019756</p>
